Hemanta Thapa, ID: 920756574

Dominique Dutton, ID:920820781

Project Title:

StandPay

Functions:

F01. All users shall be able to sign up.

If users of our application do not have a registered account with us, they shall be able to register themselves by providing necessary information.

F02. All users shall be able to sign in.

If users of our application have a registered account with us, they shall be allowed to sign in to their profile and access our services.

F03. All users shall be able to sign out.

If the user has a registered account on our website and is currently signed in, they shall be able to log out of their account.

F04. All users shall have the ability to manage their account status.

All registered users of our application shall have the ability to temporarily suspend, reactivate, or permanently close their account at any time.

F05. All users can update their profile information.

If users who are looking for a job use our application and they have a registered account with us, they shall be able to update their profile information at any time without restrictions.

F06. All users shall be able to search for shifts posted by local businesses.

Registered companies of our application using our advanced searches shall be able to search based on major and demographics.

F07. Job seekers shall be able to view all posted jobs

Users that are signed in, shall be able to view the jobs that companies post and are not already claimed.

F08. Job seekers shall be able pick up posted gigs relevant to their experience.

Users that are signed in, shall be able to pick up listings that companies post and are not already fulfilled.

F09. Job seekers shall be able to view jobs that they've worked or scheduled to work

Users that are signed in, shall have access to view jobs that they've worked or they're scheduled to work.

F10. Companies will be able to post a service industry shift.

Companies using our services will be able to post available shifts to our marketplace of contracts.

F11. Companies will be able to delete a job listing

Companies that posted a job shall have the option to delete the posting.

F12. Companies will be able to edit a job listing

Companies that posted a job shall have the option to edit the posting details.

F13. Companies shall have the ability to view contractors who hold open shifts.

Registered companies of our application shall have the ability to view profiles of those who have qualified for specified positions and claimed their shift.

F14. Companies and contractors will be able to rate and comment on their experiences.

Comments will be private for 48 hours to give parties time to resolve issues.

F15. Companies and contractors will be able to submit issues in-app.

Users will be able to submit trouble tickets (48hr turnaround) until a customer service system or chat function is integrated.
